HOT MAMAS ON WHEELS
SEXY & EMPOWERED, WITH
THEIR OWN MEAN MACHINES!

Squeezy Delight

Gone were the days of dipping your knife into the tub of mayo, scraping to get every last bit of white goodness. Lady's Choice brings you the first upside down MayoSqueeze, offering two options, Real Mayonnaise and Mayo Lite. It's great for picnics, to make sandwiches or dolloped on your bowl of salad.

Long Live Rice

If you've experienced infestation of weevils in your sack of rice, than you'll definitely be intrigued. Tupperware has designed the Rice Dispenser (RM288), which can store up to 10.5kg of rice, ensuring freshness. Its rubber base prevents slips or spills, and with each swipe, one cup of rice is dispensed.

Deliciously Healthy

F&N's Fruit Tree has just unveiled its latest variant of 100 per cent juice, Mangosteen and Pomegranate. It's delicious and all natural, with no added sugar. With a prime ingredient of Mangosteen husk, there's plenty of vitamin C and antioxidant with every sip you take. 1litre pack for RM6.50.

Cheer Up

Labour doesn't want the dishes to be an arduous chore. The limited edition Labour Fruitti Cheers dishwashing liquid brings about a calming effect, thanks to its fruity floral fragrance. Also available in fanciful fusions of Passion Fruit, Peach and Grape.
