Kid's immune booster

Win over RM4,000 worth of NatureCare Colostrum + DHA Chews when you subscribe to *health* this issue as the first 30 subscribers will each win a bottle (valued at RM139) containing 120 tasty chewable tablets.

Exclusively from Tupperware Brands, these chewable tablets will help improve your child's immune system; create better resistance against infections, reduction in allergic reactions and much more.

Further, kids now have a tasty way to easily consume colostrum – the nutrient-rich 'first milk' lactating mothers produced immediately after giving birth that is wonderfully rich in essential proteins, antibodies, antioxidants, immunoglobulin, growth factors, enzymes and amino acids.

It also has omega-3 fatty acid DHA, that is crucial for the early development of the brain, nervous system and visual abilities.

With the motto 'Health harvest from nature', the NaturCare range is committed to unearthing the hidden values of nature's greatest treasures and harvesting them for our health and well-being. For more information on NaturCare products, call toll-free line 1300-88-5500 or visit www.tupperwarebrands.com.my.
