**tip!** ON DESIGN

To make cooking in the kitchen more comfortable, Ikea advises that you avoid having the hob face the oven – you don't want to bake in the heat emanating from the oven while using the stove.

### MINERAL WATER

Tupperware's Nano Nature water filtration system purifies (it removes 99.9 per cent of bacteria and viruses), retains the good minerals in tap water, and even incorporates the Japanese technique of using a bakuhan-seki quartz stone to enhance the quality of the drinking water. Water in which this "healing stone" is immersed is claimed to treat skin problems.

Available for \$1,228 at Tupperware Singapore, #01-00, 85 Defu Lane 10, tel: 6285-3988.

### HOT & COLD

Nescafe Dolce Gusto's latest beverage machine is the adorable and curvy Melody (\$279), which is not only great for the usual coffees but also teas, hot chocolate, and even cold cappuccino and iced peach tea. Just pop in a capsule, and Melody will treat you to a fresh gourmet cuppa or thirst-quenching cool beverage instantly.

Available at major electrical and department stores, and authorised dealers.
