NUTRIMETICS ULTRA CARE+ SPF 18 DAY LOTION

Dermatologists say that overexposure to the sun can cause brown spots, wrinkles and in extreme cases, cancer. Despite knowing this, it's easy for us to be lazy when it comes to sun protection, especially when some sunscreen formulas make streak-free application impossible.

Unlike normal sunscreen, Nutrimetics Ultra Care+ SPF 18 Day Lotion, RM99 (PM); RM104 (EM) is light and milky but it doesn't just shield your skin from the sun. It contains Ginkgo Biloba extracts and mango seed butter and works to intensively hydrate skin for firmer, smoother, more supple-looking skin.

A must-have alongside your sunnies and floppy sun hat, Nutrimetics Ultra Care+ SPF 18 Day Lotion delivers up to one quarter more moisture for firmer, more hydrated skin.
