

# Love blossoms

THE everlasting love story between Peter and Jane sees the latter strolling in the park when she gets a call from Peter on her hand-phone. A while later, her beau is running towards her with a delightful picnic for two. They have a wonderful picnic together and it is getting really late. Not wanting the day to end, Peter brings Jane to the lake. There is a boat and they both row into the sunset ... happily ever after.

These are the two scenarios depicted on Tupperware's set of tumblers that would make the ideal Valentine gift. The tumblers come in pairs, and you have a choice of blue or reddish pink and are made from non-toxic material.

With the Lunar New Year nearing, you may want to check out Tupperware's One Touch Canisters and Toppers, which are air-tight and durable. They are handy for storing frequently-used food stuff.

Available are the CNY Abundance & Prosperity Gift Set, comprising two One-Touch Topper Small that comes with Prawn Rolls and Fish Rolls. With its beautiful gift box and easy-to-carry handles, it adds style to gift-giving during the new year. There's also the option of the CNY Plum Blossoms Collection that is a set of four One Touch Toppers.
