

Chic and funky

TUPPERWARE goes cool and savvy with the Blue Rave and Pink Chic.

Wondering what the rave about Blue Rave and Pink Chic is all about?

They are Tupperware's latest cool and hip Thirstquake tumblers that come in vibrant colours featuring an artistic design.

The tumblers can hold 900ml liquid with a sling on pouch so it is convenient for you to carry around.

Using the tumblers also means your are doing your bit for the environ-

SHELF LIFE

ment as you can now use them over and over again.

All Tupperware products are made from high quality materials that will not release harmful chemicals onto your food.

The materials used comply with international standards (US Food Drug Administration and Japan Polyolefin Hygienic Association Standards).
